

2022 CACPR Annual Spring Conference Terry Kavanagh Lecture

The CACPR Annual Conference Planning Committee is inviting CACPR members to submit nominations for the Terry Kavanagh Lecture to be presented at the 2022 Annual Spring Conference and Symposium, on Friday, June 3rd, 2022 through virtual format.

This annual lecture is one of the highlights of the conference and one of the most prestigious awards of CACPR. Selection of the Terry Kavanagh Lecturer is an important undertaking and will be based on nominations from CACPR members. The lecture is one-hour in duration (45 minutes of presentation and 15 minutes questions) which will be the opening lecture of the conference.

Past lecturers have included:

- **2004** Dr. Stephen Hotz - Helping Patients Make Changes
- **2005** Dr. Martin Juneau - Cardiac rehabilitation versus angioplasty for stable coronary patients
- **2006** Dr. Peter Hauland Gaede - STENO- 2: Intensive multi-factorial intervention reduces the occurrence of cardiovascular disease in patients with type 2 diabetes
- **2007** Dr. Jean-Pierre Després - Metabolic Syndrome
- **2008** Dr. Terry Kavanagh - The Role of Exercise in Cardiac Rehab: Past, Present and Future
- **2009** Dr. Robert Reid - The Top Five Advances in Behavioural Science and their impact on how Cardiac Rehab is delivered
- **2010** Dr. Paul Poirier - Exercise and Diabetes
- **2011** Dr. James Blumenthal - Does Stress Management Have a Role in Cardiac Rehabilitation?
- **2012** Dr. Barry Franklin - Marathon Running and Cardiovascular Health: The Risk-Protection Paradox
- **2013** Dr. Heather Arthur - “Heart Truth” about Cardiac Rehabilitation: Women as Patients, Providers and Scientists
- **2014** Dr. Andrew Pipe - From Whence? To Where? CVD Prevention and Rehabilitation in the 21st Century
- **2015** Dr. Paul Oh - Courage, Collaboration and Leadership - Lessons Learned from Cardiovascular Rehab
- **2016** Dr. Louise Morrin - Looking back, looking forward: Innovations in chronic disease management
- **2017** Dr. James Stone - Patients and cardiac rehabilitation: Why we care.
- **2018** Dr. Sherry Grace - Cardiac Rehabilitation Around the Globe, and What Can That Tell Us About Delivery in Canada?
- **2019** Dr. Mark Haykowsky - The Power of Exercise in Post-Transplant Patients.
- **2020** Dr. Scott Lear - Supporting Patients with Cardiovascular Disease at a Distance Using Technology
- **2021** Dr. Nicholas Giacomantonio – Reading the “Road Signs” on our travels to ... The New Normal.

Criteria for selection:

- Embodies the spirit of Dr Terry Kavanagh, a Canadian pioneer in the field of cardiovascular health
- Have demonstrated leadership and significant contribution to the field of cardiovascular prevention and rehabilitation and/or chronic disease management
- High level of research, academic and/or knowledge translation productivity with broad reaching impact

Selection of Awardee

- Lecturer nominations will be assessed by the CACPR Annual Conference Planning Committee according to the criteria above.
- CACPR will cover registration for the awardee to attend the Annual Symposium and present his or her lecture.
- **Nomination submission deadline - Nominations must be received electronically through the CACPR administrative office (cacpr@secretariatcentral.com) by midnight February 25, 2022.**
